布局示意图

This map illustrates the project area for the Beijing 11th School and Tianjin Experimental School. The map shows the geographical layout of the project, including the school site (marked with a red circle and the number 1), the surrounding urban environment, and the proposed road network. The map also includes a scale bar (0 to 6000m) and a north arrow. The project area is located in the northern part of Beijing, near the Tianjin border. The map shows the school site (marked with a red circle and the number 1) and the surrounding urban environment. The proposed road network is shown in red, and the existing road network is shown in grey. The map also includes a scale bar (0 to 6000m) and a north arrow. The project area is located in the northern part of Beijing, near the Tianjin border.
